

PHATTHARAPHONTANGTAENG

Software Tester Intern

tphattharaphon@gmail.com | 096-350-5763 | github.com/ptrptt

SUMMARY

Third-year Software Engineering student with a strong interest in Software Testing and Quality Assurance. Familiar with designing test cases, analyzing system requirements, and performing functional testing through academic projects. Hands-on experience in test execution and identifying defects to ensure system quality. Detail-focused and motivated to continuously improve testing skills in a professional environment.

PROJECT EXPERIENCE

Easy Cook – Recipe Sharing Web Application

YEAR 2, SEMESTER 2

- Analyzed system requirements and defined key user flows.
- Designed and documented test cases before development.
- Performed functional testing and identified system defects.
- Supported frontend development and UI improvements.
- Collaborated with team members using Agile methodology.

SOFTWARE TESTING (Mini Project – Software Testing & Software Requirement)

- Tested the system based on Figma and requirement documents from a junior project.
- Designed and wrote test cases using EP/BVA techniques.
- Checked system functionality and documented identified bugs.

YEAR 2, SEMESTER 1

EasyClassPay – Shared Expense and Payment Management System

- Prepared system requirement documents and defined the project scope.
- Served as Scrum Master and coordinated Agile/Scrum processes and sprint meetings.
- Created and managed the product backlog, prioritizing tasks based on project goals.
- Planned project activities and monitored progress to ensure timely delivery.

POS – Mormilk cafe

YEAR 1, SEMESTER 1

- Analyzed business requirements to define system features and workflows.
- Designed UX/UI using Figma, including user flows, wireframes, and prototypes.
- Developed the front-end of the POS system.
- Worked with team members to improve system usability and performance.

SKILL

Testing Skills

- Manual Testing
- UI/UX Testing
- Test Planning
- Test Case Design
- Test Scenario

Tools & Platforms

- Postman
- Figma
- GitHub
- Trello
- playwright (basic automation)

Concepts

- SDLC
- Bug Tracking
- Scrum

Databases & Languages

- SQL
- HTML/CSS
- javascript

EDUCATION

- UNIVERSITY OF PHAYAO**
Bachelor of Engineering in Software Engineering.
GPA. 2.57
2024 – Present.

SOFT SKILLS

- Highly responsible and committed to work.
- Eager to improve myself and always willing to learn.
- Detail-oriented and dedicated to achieving goals.
- Possess clear communication skills and able to work effectively in a team.
